Greensboro Urban Loop

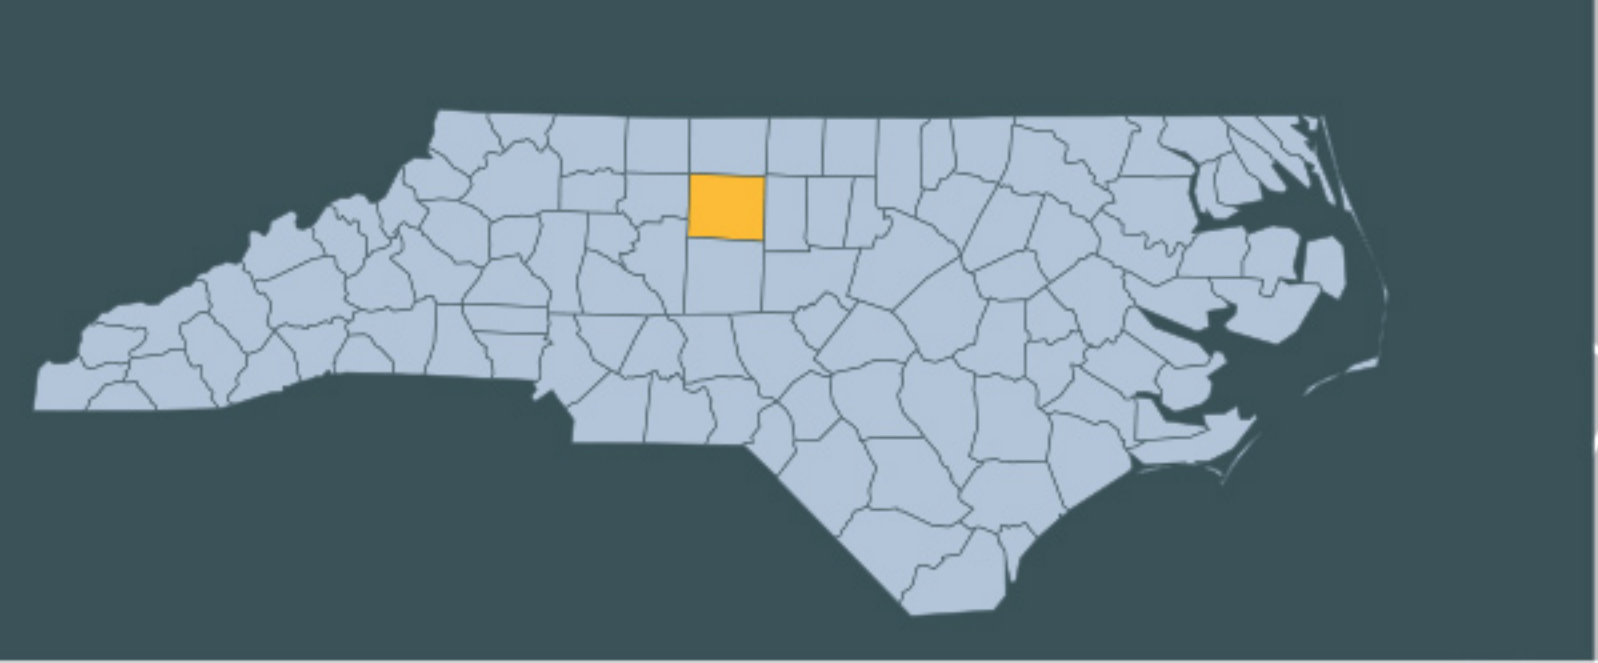

The Greensboro Urban Loop (I-840) is a 44-mile-long loop providing quick and easy navigation in and around Greensboro. Construction on the project began in 2013 and is scheduled to be completed by November of 2022. Once completed, The Greensboro Urban Loop will intersect with Interstates I-40, I-85 and I-73 as well as U.S. Routes 29, 70, 421 and 220. The offices at The Village at North Elm are located only 0.5 miles south of the I-840 loop along North Elm Street. Scheduled for completion in December of 2020, the section of I-804 connecting North Elm Street to Lawndale Drive will provide Village at North Elm Tenants quick and direct access to these interstates, highways and North Carolina's PTI Airport.

Lawndale Dr. to North Elm St.
Completion date December 2020

North Elm St. to US 29
Completion date November 2022
